

Teaching Sustainability With Hope

Course Brochure

What Is It about?

In this course, you will explore sustainability and why it's important to our young people. You will find out how we can frame the often challenging and upsetting issues relating to sustainability in a framework of hope. You will find out what hope theory is and how hope can benefit your students in terms of academic performance and mental health and wellbeing. You will learn tips and tricks for fostering a hope in your classroom and will explore a range of resources to support you and your students exploring issues relating to sustainability in a hopeful way.

How Long Does The Course Go For?

This course will take you 2 hours to complete.

Enjoy it in one session or spread it out over a few weeks. You will have ongoing access.

How Does It Work?
